- **Check travel guidelines issued by Kerala below** : COVID test/ Vaccination rules: All travellers entering Kerala must either carry a final COVID vaccination certificate (15 days must have passed since final dose) OR a negative RT-PCR report with sample taken within 72 hours before arrival. 72 hour RT-PCR report is mandatory for travellers visiting for a short duration for purposes like business, official, trade, medical, court cases, property management etc. RT-PCR test timeline starts from the swab collection time. Travellers might not be allowed to board their flights if they are not carrying a valid test report/vaccination certificate. Thermal screening will be done for all travellers. Some travellers might have to undergo a self-

paid RAT test upon arrival in Trivandrum. If the port of arrival is Kochi the RT-PCR testing facility is available at the airport. RAT test on arrival is at the discretion of the local health authorities. Quarantine rules: Travellers who do not want to undergo RT-PCR test upon arrival will be required to undergo mandatory 14 days home quarantine. Not applicable for travellers arriving into the city of Kannur. For Calicut only: Travellers undergoing test on arrival shall remain under home/institutional quarantine till the test result is declared. The transportation from airport to quarantine facility/home quarantine shall be in double chambered vehicles. Pre-registration and e-pass rules: Download and update the Aarogya Setu App. All travellers must register their details on Kerala's Jagratha portal and obtain an e-pass which should be shown to the health officials at the airport. For the complete list of travel guidelines issued by Indian States and UTs, if you have arrived on any international flight and are taking a connecting domestic flight, please check the 'Travelling to India' tab.
